STEEL STRIKE

The Combine Claims The Victory Today—Other Side Confident.

SOME REFUSE TO STRIKE.

"Coin" Harvey Attacks Senator Jones and Says He Caused Bryan's Defeat.

THE STATE TELEGRAPH NEWS

BOTH SIDES CLAIM VICTORY.

Pittsburg, August 12.—Both sides claim the victory in the steel strike today. The men at several of the mills refuse to go out but in others the walk out was complete. The combine loses its claim upon the refusal of the Amalgamated men at South Chicago, Joliet and Bay View to obey the general strike order of President Shaffer and their success in maintaining operations in other plants where it was anticipated there would be serious trouble. The strike leaders meet the claims of victory with the assertion that their cause is making satisfactory progress and they will show themselves masters of the situation before the contest has progressed much farther. They don't conceal their disappointment at the refusal of their western brethren to strike, but none of the leaders would discuss the defection.

A Washington dispatch says: The steel strike being on, public men who are appreciative of the great possibilities for disorder and destruction of property are beginning to consider whether the time has not come when, in view of the great industrial combinations or trusts, and the correspondingly powerful combination of trusts of labor, it would not be wise for some compulsory arbitration to be put in effect that would prevent strikes for trifling causes and materially add to economic peace. While it is too early for any general scheme of that kind to be formulated, the matter is being given thoughtful attention by public men who may be called upon to vote for or against such a proposition.

The strikers have issued a long card to the laboring men of the country appealing for moral and financial aid.

DECLARES WAR ON JONES.

Rogers, Ark., August 12.—"Coin" Harvey has openly declared war on Senator James K. Jones. He denounces his management of the presidential campaign, saying he showed gross incompetency and says that Jones is to blame for Bryan's two defeats.

FARMER SUICIDES.

Williamsburg, Ky., August 12.—Joseph Silor, a prominent young farmer, committed suicide near here with a pistol. He was temporarily unbalanced.

GUARDED FROM MOB.

Bardonia, August 12.—The jail here is heavily guarded on account of the rumor that a mob was coming to lynch Eljah Hazel, the murderer.

TO SAVE STRUTTON'S NECK.

Frankfort, August 12.—Friends are making the last effort to secure executive clemency for Holly Strutton, condemned to die at Lawrenceburg Friday.

KENTUCKIAN SUICIDES.

New York, August 12.—Solomon Bamberger, the representative of a large Kentucky distillery, suicided at the Equitable hotel by taking carbolic acid. Heat is supposed to have been the cause.

COCKEREL-MITCHELL.

Covington, Tenn., August 12.—Mrs. Sallie T. Cockerel, daughter of Col. J. M. Tipton, and R. R. Mitchell of Andy, Tex., were united in marriage at 6:30 o'clock yesterday at the residence of the bride's father, Rev. A. J. Meadows performing the ceremony in the presence of a few friends and relatives. Mr. Mitchell formerly lived here and has many friends here. Mr. and Mrs. Mitchell left on the 7:18 train this morning for Andy, Tex., their future home.

ENGAGEMENT ANNOUNCED.

Washington, August 12.—The engagement of Senator Jo Blackburn and Mrs. Mary E. Blackburn was formally announced today. They will marry next month.

ADVANCE IN CEREALS.

Chicago, August 12.—There was an excited opening in the grain market today, and wheat, corn and oats all advanced sharply. September wheat gained two and a half cents.

Paducah society will be well represented on the Chicago excursion August 20. It will be a nice crowd, tel

DELIGHTFUL TRIP

Miss Adah Brazelton in Buffalo By This Time.

The Trip Over the Lakes Was Most Enjoyable—All are in Good Spirits.

Miss Adah L. Brazelton, who left last week for the Buffalo exposition, having been awarded the trip offered by the Rhodes-Burford company for the most popular teacher, writes as follows:

On Lake Huron, Thursday, 10 a. m., August 9. Messrs. Rhodes-Burford Co., Paducah, Ky. Here we are skimming along on water green as an emerald, in spite of the fact that it is always called blue. Clear skies and invigorating air have made our trip one of pleasure unalloyed.

We experienced a little rough weather on Michigan, but not enough to upset us. We are now just passing Port Huron, and, if nothing interferes, will reach Buffalo Saturday shortly before noon. All of our party are in good health and spirits, and prepared to see everything that is to be seen.

With regard to all Paducah friends, Most sincerely,
ADAH L. BRAZELTON.

ARRANGEMENTS.

Mr. Sam Simon Went to Madisonville to Arrange for Miners.

Several Illinois Towns to Send Delegates Here Labor Day—Invitations Extended.

Mr. Sam Simon, the prominent labor union man, left today at noon for Madisonville, Ky., to complete the arrangements for the 1500 union miners who will come to this city on Labor Day.

All the final arrangements will be made for the excursion and it is probably that unions of other trades will also attend the local celebrations.

The labor day committee will meet tomorrow night and open bids for all the privileges and also the bands that will be engaged for the day. There are several hundred bids on file many different privileges and the committee has some little work to do. All the members are urged to request to be present.

A number of cities of Illinois will be invited to send organized labor to attend the local day celebrations and it is possible that several thousand miners from the mining district, in which the cities are located, will accept the invitation.

The following are the places where the committee will send invitations: Ashley, Washington, county, Nashville, Herrin, Carleville, Mannon, Johnson City and Murphreesboro, all in Illinois.

A delegation larger than the one from Hopkinsville, is expected from this locality.

Messrs. Farrow, Mills and Simons, composing the low rate committee, called on Mr. J. T. Donovan, the local Illinois Central agent, in regard to the rate on the road for the labor day excursions. The result of the interview has not been given out but it is safe to predict that they will receive a satisfactory rate.

EXCHANGED SHOTS.

MEMBER OF SHERIFF'S POSSE KILLED AND THE DESPERADOES MADE THEIR ESCAPE.

Jacksboro, Tex., August 12.—News reached here that there were two desperadoes by the name of Miller and Roberts in a house six miles of town. Sheriff Maddox immediately took three men and went out to the house, reaching it about 6 o'clock in the afternoon and surrounded the house, when a voice came from the house to "go back or we will kill all of you," followed quickly by a volley, which was answered by the sheriff's posse. Twenty to thirty shots in all were fired. The first shot killed G. M. Lettwith, one of the sheriff's posse. The officers then fell back and kept guard around the house, but during the night the men got away and have not been seen since. There is \$1,000 reward out for one of the men, and the other is wanted in several different places. The scene of the killing is a rocky mountainous country and offers every opportunity for the escape of the desperadoes. A posse is still in pursuit of the criminals.

The Illinois Central railroad will do everything possible to make the trip to Chicago August 20, a comfortable and pleasant one for the excursionists.

WON IN A WALK

Anti-Ferguson Men Organized the Senatorial Convention Last Saturday.

FERGUSON THE LUCKY MAN

His Opponents Could Not Agree on a Man and Nominated the McCracken Man By Acclamation.

A LIVELY CONVENTION IT WAS

State Senator Mc D. Ferguson was nominated by the Democrats at Bardwell Saturday night at the senatorial convention to name a candidate for senator from the counties of McCracken, Marshall, Carlisle and Ballard. The convention was one of the warmest ever held in this end of the state, and some of those present claim it was almost as hot as the music hall convention.

Senator Ferguson went into the convention with only 35 votes, and could not control the organization.

Attorney James B. Ray, of the city, was elected chairman over Attorney John G. Lovett, of Benton. This was a victory for the anti-Ferguson forces. After supper the convention got down to business, but little headway was made until Attorney Mike Oliver, of Benton, moved that Senator Ferguson be nominated by acclamation. This was a great surprise, and meant simply that Shennwell was to be sacrificed, in order to elect Ferguson.

It became evident that neither Shennwell, Dancy nor Davis could be nominated, and it had been circulated that the Shennwell men had made overtures to McCree to get money to defeat Ferguson and put in an anti-Ferguson man, and this action on the part of the Marshall county delegation it is claimed was designed principally to refute the report. A dark horse could easily have been given the nomination, but the adherents of the four candidates played their favorites too strongly and were all firm for Ferguson rather than to an outsider.

After this determination became evident, there was little delay in nominating Senator Ferguson for re-election, he receiving the total vote of the convention, 52.

During the organization there was one fight, two men from Bladwell having a fistfight in the hall. They were taken over to the police court and fined \$5 and costs each.

Three of the Marshall county delegates are said to have bolted their instructions in the organization.

The Ferguson delegation, while it lost out on organization, defeated the move to require a three-fourths vote to nominate.

After Attorney Oliver's motion withdrawing Shennwell, the managers for the other two candidates, Dancy and Davis, also withdrew the names of their candidates, and Ferguson, as stated, was nominated by acclamation. The fight was not until the opponents of Ferguson saw that they were beaten.

NEW OPERA HOUSE

The Work Progressing Rapidly at The Kentucky.

Some Very Interesting Facts About Paducah's Big and Magnificent Play House.

The frescoers and finishers will arrive this week to begin their work on the new opera house. The mammoth edifice is rapidly nearing completion, and will be finished before the date of the opening.

A great many of the people have wondered why the rear portion of the building is so high. The contractor explained to a reporter that this is for the scenery, all of which will "go straight up" to the roof and for carrying of smoke in fire scenes. The distance from the stage to the roof is 90 feet and the stage is large enough to stage the biggest companies in the country.

As a matter of interest, the Paducah opera house stage is as large as any stage in the United States, with the exception of four, one in Boston, one in New York, one in Chicago and one in San Francisco. There are twenty opera houses in the United States that have stages the same size as the one here, but only four that have larger stages.

OUT AGAIN.

FRANK GREIF COMES BACK, BEING TIRED OF THE U. S. NAVY.

Frank, the 16 year old son of Mr. G. Greif, of 210 North Twelfth street, returned home this morning after a five month's experience in the U. S. Navy.

He has been on the U. S. training ship Topeka and has been cruising the Atlantic coast. He said that he did not like the navy and that he had tried every conceivable manner to get out. He finally succeeded by paying out and arrived this morning. He says the navy is not what it is cracked up to be.

YESTERDAY'S FUNERALS.

A LARGE CROWD ATTENDS MISS HALLOMAN'S FUNERAL.

The funeral of the late Miss Mary Halloman took place yesterday morning at 8 o'clock from the St. Francis De Sales church. The floral designs were very beautiful, and there were many of them, and the crowd in attendance was large. The interment was at Mt. Carmel cemetery.

The funeral of the late Mrs. Sarah Rowbottom took place yesterday afternoon at 4 o'clock, interment at Oak Grove.

The funeral of the late Mrs. Mary A. Jackson took place yesterday morning from the family residence on Court street, burial at Oak Grove.

The funeral of the late Mrs. Mary A. Moore Whitaker, of the Union depot lunch room, took place yesterday afternoon from the family residence on Campbell street, interment at Oak Grove.

PLAYED HORSE.

HOW A HACKMAN GOT HIS PASSENGERS TO THE DEPOT.

A very amusing incident occurred near the Illinois Central passenger depot yesterday as the noon north bound passenger train arrived. A hackman had two passengers in the hack and in about three squares of the depot his singletree broke. He got out of the seat and un hitched the horse on the side where the singletree had broken, and pulled the hack to the depot himself. —Paducah's only 10c cigar, Elks Dream. 11

RAILROAD NOTES.

New Fill on Tennessee Street Begun This Morning.

No Matters of Much Importance in Railroad Circles Today.

Trainmaster T. A. Banks returned to Evansville this morning.

Mr. J. K. Johnson, of Princeton, is in the city and will shortly enter the railroad service.

Switch Engine No. 199, which jumped the track Saturday at noon, is out of the shops again. The men worked on it all Saturday afternoon and night and all day Sunday and Sunday night. The engine was discharged this morning and was again put on for duty. The damages amounted to about \$200.

A test train, engine No. 553, in charge of Engineer Finney, left for the south end this morning at 5 o'clock to make tests of the pulling power of the new class engines just received on that division.

Master Mechanic Barton was called to Chicago Saturday by the illness of his son. He returned this morning reporting his son much improved.

Mr. L. I. Bumgardner, Master Mechanic Barton's chief clerk, went to St. Louis Saturday afternoon and accompanied home his family. They arrived in the city yesterday afternoon.

The section force began work on the Illinois Central fill at Tennessee street. The bridge was torn down today and the teams put to work immediately. The city is also at work on the Tennessee street fill today.

HAZEL NATION.

Since Her "Sis" is Obdurate, She Yields.

Gives Her Right Name and Wants to Go Back to Her Home.

Hazel Nation, the "smasher" who was fined in the police court for trying to break up a West Court street house several nights ago, and who claimed to be a sister of Mrs. Carrie Nation, the reboluntion iconoclast of Kansas, and wrote her for a pass home while in the lockup, is now in the Home of the Friendless. Mrs. Nation was obdurate, and refused to send the pass. She didn't recognize the relationship and wanted proof. She wrote Marshall Collins, and suggested that he look out for such characters in the future.

Hazel was at the city hall this morning, however, and called on Mayor Lang. She didn't mention her supposed relative in the west, but wanted a pass to Bowling Green, so she can get the protection and support of relatives. She said her name was Florence Lawrence, and that her people live in Bowling Green.

Mayor Lang did not agree to give her the transportation. He said he would investigate and report to her later what he would do. Marshall Collins is not in favor of aiding impostors, hence Hazel can expect little at his hands.

SUSPECT ARRESTED.

MAN BELIEVED TO BE WANTED IN JOHNSONVILLE CAUGHT.

A negro giving the name of Lee Sanders was arrested by Officer Tom Orr yesterday suspected of being Ed Walker, wanted at Johnsonville, Tenn., for killing his wife a week ago yesterday. He answers the description of Walker exactly, but the police have not decided whether he is the right one or not.

The excursion to Chicago August 20 promises to be one of the nicest ever run out of Paducah. 1d

DAILY THOUGHT.

"Heaven is a place where every effort counts for the most. It is where work is done with the greatest ease, gladness, precision and despatch."

The people of this country are guaranteed the right to worship according to the dictates of their own conscience. A man has a right to believe what he chooses, and to teach what he believes. People have the same right to disbelieve what he teaches as he has to teach it, but the kind of intolerance and bigotry that result in the burning of churches and the writing of letters threatening to ambush representatives of another faith, augur ill for any community. The Benton Tribune thus rebukes the people of the Davis Chapel vicinity of Marshall county for burning the chapel a few nights ago, because Mormon Elders had been holding meetings in it:

"We have no right to force, or attempt to force upon any human being any particular doctrine or creed. The Methodists have just as much right to attempt by force to exterminate the Baptist or the Baptist the Methodist, as the combined powers of all the protestant churches have to attempt by force, threats or duress to exterminate Mormonism. This is a free country where all may worship God as their own conscience dictates. Religious intolerance will not suppress the Mormon doctrine. Neither will the burning of churches, sending of threatening letters, or shooting preachers from ambush suppress the Mormon doctrine. It will have the opposite effect, and tend to strengthen and establish it in the minds of the people. Education is the only efficient, or proper method of battling with any public question more especially pertaining to religion. It is the hope of the people of the Davis Chapel section will consider well the effect of their rash deed and refrain from committing any depredations against their fellow man."

The average man who is popular today must make hay while the sun shines, for popularity of the present generation is ephemeral. The public is a fickle jade, and the idol of one year may be relegated to oblivion before another twelve months. It is claimed in the American libraries that Kipling only a few months ago one of the most popular writers of the English language, is today read less than any one of twenty well known American writers. Three years ago, when he was ill, the whole country awaited news from his bedside, and the bulletins issued regularly were eagerly seized upon and sent all over the civilized world. A few days ago he lost a suit against an American house in a copyright action and a characteristic headline over one comment was, "A Hog Gets His Due." Four years ago he was the most celebrated living writer, but an edition of his works issued two years ago has not met with enough sales to pay for the binding. It appears that Kipling was always overestimated, and an era of popular delight has been succeeded by a discriminating examination of the ideas he has undertaken to promulgate. The passing of Kipling contains a valuable lesson. He can well afford to retire now, however, for he has "made hay while the sun shone," and reaped a rich harvest.

The people are beginning to understand that if the city council does not by ordinance abolish the office of city marshal, it will be placing on them for four years the burden of an unnecessary office that will take from the city funds somewhere near \$5,000 a year, an amount that may easily be saved, and should by all means be devoted to some more beneficial purpose. If there were any doubt of Paducah's becoming a city of the second class in January there might be some excuse for the council's delinquency, but there is not, hence such complacency is criminal and there should be some way to punish it.

The Democrats of this district have nominated for the state senate Senator Mc D. Ferguson, a Wheeler man and one of the "gang." He was author of the unprecedented graft known as the "\$100,000 reward fund," and all people of the senatorial district who are opposed to the demagogues in power at Frankfort, and are against the many infamous things

they stand for, will use every effort to defeat him.

Mr. Bryan, in the Commoner, denies the authenticity of the interview with Mr. Towne just after the Ohio convention. It seems that the proper person to do this would be Mr. Towne. If Mr. Towne was misrepresented, he is the one to raise a kick and expose the fake. As he has not taken the trouble to do this, it is probable that he was not very extensively misrepresented.

Certain kinds of mosquitoes, we are told, carry infection. So when one lights on you, carefully examine it with a magnifying glass, and if it proves to be an anopheles, it is harmless; but if it is a culex it probably has brought malaria, and should be killed at once.

The Republicans of McCracken county will meet Wednesday afternoon at the court house and nominate a ticket for county offices. This having been done, the city ticket will receive due attention, and at the proper time nominations made for all the city offices.

Lexington, Ky., has had to borrow money to pay the salaries for July, and some of the papers are wondering where the money is to be found to pay off during the remainder of the year, as accounts have to be paid out of December's tax collections and expenses amount to \$15,000 or more a month.

If Mr. Wheeler will just get some of the great and eloquent Democratic politicians of McCracken county to manage his campaign his defeat for United States senator may not be so overwhelming, after all.

None of Paducah's great metropolitan Sunday papers seems to have made connection with the Bardwell senatorial convention, although the nomination was made before 10:30 Saturday night.

It is presumed, now that the senatorial convention is over, the trace between Chairman Joe Potter and Chairman Charles Emery is off and war will be renewed.

Senator Tillman has been sued for \$10,000 for alluding to one of the "Mr. Joneses" as "a crazy old thing, just out of the asylum."

Lord Kitchener has been wounded in South Africa. It was probably an accident, as few of the British get close enough to be hit.

The question again presents itself, who is chairman of the McCracken county Democratic committee?

A NEW STORE.

LENDLER & LYDON TO HAVE A HANDSOME HOME IN OGILVIE BUILDING.

Lendler & Lydon, the well known shoe firm, have just closed a contract for room in the new Ogilvie building as announced in the advertising columns of The Sun today and on the first of October will move into the building.

The firm of Lendler and Lydon is one of the best known in the city. Founded just a few years ago by the present owners, they started in a modest way. The business has been a success from the start and today the trade enjoyed by these popular gentlemen is worthy of the efforts they have put forth.

In the new house, as in the old, the stock carried by the firm will be as fine as any to be found in the city. The fixture will all be new and up to date and the store conducted on modern lines in every department. In order to clear out some of the stock a clearance sale will be put on in a few days and we suggest to bargain seekers that they watch for the announcement in these columns.

Mr. Daniel Bantz, Ottaville, Ia., says: "Have had asthma and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took FOLEY'S HONEY AND TAR. It gave immediate relief and done me more good than all the other remedies combined."

CONVICTED OF THEFT.

Murray, Ky., August 12.—Wallace Newport, charged with robbing Anthony Cooper of \$400 about six months ago, was tried and convicted in the circuit court Friday and given one year in the penitentiary. Motion for a new trial has been made by Newport's attorney.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. DEFINITION OF OSTEOPATHY.

"LEGAL.—A system, method, or science of healing," see statutes of the states of Vermont, Missouri, North Dakota, Michigan, Iowa.

HISTORICAL.—"Osteopathy was discovered by Dr. A. T. Still of Baldwin, Kansas, 1878. Dr. Still reasoned that a natural flow of blood is health, and disease is the effect of general or local disturbance of blood. That to excite the nerves, causes muscles to contract and compress venous flow of blood to the heart and the bones can be used as levers to relieve pressure on nerves, veins and arteries."—A. T. S.

PRACTICAL.—"Osteopathy is a new system treating disease without medicine. The word itself, Osteopathy, is significant. It does not mean "bone disease," or "bone treatment." It refers to one of the basal facts of the human body. Osteopathic practice is based upon anatomical order. Order in the body is dependent upon the bony framework, and all anatomical relations are determined by the position and proper adjustment of this framework. The blood flow which carries the essential current of vital nutrition is not so likely to be obstructed in the softer tissues of the body, nor is the nervous system. But when arteries, veins, lymphatic vessels and nerves pass between or near bones they are more likely to be interfered with and here is where we first look for causes of disease. To restore order to a disordered body the bones are used as mechanical appliances to relieve pressure on nerves, arteries and veins. This resulting in freedom of flow in all life's forces and fluids. Every mechanical principle of all the sciences has its first and finest illustration in the bony framework of the body. Hence the word is one of the best that could be used. This new science is further based upon the fact that all disease whether of the nature of an anatomical lesion or a physiological derangement may be corrected by an intelligent use of the laws of nature as operative of any artificial aid whether medical or electrical. These laws of action, reaction and interaction as embodied in the mechanics, the physics and chemistry of the body continue the broad basis of the science."—M. W. P.

JURY DISAGREED.

ED O. LEIGH, UNCONSCIONABLE FLIRT, HAULED UP IN COURT AT LAST.

A Grayson Springs special says: "Tuesday evening a mock court was held, and Edward O. Leigh, private secretary of Governor Beckham, was indicted for permitting himself to become a common nuisance by making indiscriminate proposals of matrimony to women, young and old, at Grayson. Numerous witnesses were introduced by both sides. Dr. Trigg testified as to the condition of the hearts of the victims. The jury was divided, the women deciding that the defendant should be banished to Utah, while the men held that the charge was not criminal. The prisoner produced a pardon, signed by himself as secretary to the governor.

"La Vega Clements, Pres. Kimball and Sam Molloy were the attorneys for the commonwealth, and W. O. Davis, J. W. Mitchell and R. C. Simmons represented the defense. Judge McBeath presided.

TO FIGHT TRUST.

ANTI-TRUST MEN GIVE OUT STATEMENT ABOUT THE PADUCAH FURNACE.

A Milwaukee dispatch to yesterday's Courier-Journal says: "The Sentinel tomorrow will say: 'To fight the steel trust with what will be one of the largest and best equipped ore docks and steel plants on the Kinnikinnick river in Milwaukee is the deal which is now pending and practically completed in this city. J. M. Thomas, of Duluth, and his brother, W. Aubrey Thomas, of Niles, O., are at the head of the deal, which further includes the dissolution of the Minerva Pig Iron company and incidentally the operation of a big blast furnace in Paducah, Ky., by members of that concern. A five acre tract has been secured on the South Side on which to erect the plant, the dimensions of which are withheld."

GOES TO ILLINOIS.

MR. CLINT WILCOX TO MOVE TO McLEANSBORO.

Mr. Clint Wilcox, who is now traveling for an Evansville grocery house with headquarters at McLeansboro, Ill., will shortly remove his family to the latter place. Mr. Wilcox has been traveling out of Paducah and has been in the employ of several of the best wholesale grocery firms in the city. His many friends here will regret to learn of his departure.

His family will join him at McLeansboro about September 1.

NEW HISTORY OF KENTUCKY.

Frankfort, Ky., August 12.—Prof. Z. P. Smith, of Louisville, the Kentucky historian, is here looking up some data for a new edition of Smith's history of Kentucky. The volume will be issued within a short time. The last edition was published at the close of the Constitutional convention in 1890.

NEW RABBI.

TAKES CHARGE OF TEMPLE ISRAEL THE FIRST OF SEPTEMBER.

Rabbi D. Alexander, of New York, has accepted the call to Temple Israel, in the city, and will arrive the first of September to take charge. Rabbi Alexander is one of the brightest young rabbis of the east, and will be a credit to the congregation. He will succeed Rabbi Enelow, who accepted a call to Louisville a few months ago.

MISSIONARY CAMPAIGN.

INTERESTING SERVICES AT THE
METHODIST CHURCHES IN
BEHALF OF THE
CAUSE.

The service at the Methodist churches, Broadway, Trimble street and Third street, on yesterday were something out of the ordinary. It was an able presentation of the great subject of Missions by three visiting ministers, all young men, but men of power and force in the Memphis conference. Rev. C. A. Waterfield, of Lexington, Tenn., has preached here before and is a classical and finished orator, brilliant and sparkling; Rev. H. C. Johnson of Memphis conducted a revival at Third street Methodist church some years ago, and is a preacher of ability and power. Rev. J. J. Thomas, of Greenfield, Tenn., was new to Paducah, but is earnest, thoughtful and has an excellent delivery. Instead of one sermon from one speaker during the hour, the subject was divided into three parts. 1. A Forestatement of Missions. 2. The Principles of Missions. 3. A Practical Application of Missions, and each speaker considered one of the subjects, varying the order at each service. It is impossible to give a resume of the sermons for there were nine of them, and they were multum in parvo. If the speakers were advising expansion, they were practicing contraction, and had their great subject well in hand. It was a thoughtful, forceful and powerful presentation of the cause, by young men on fire with enthusiasm. The idea of this campaign was an outcome of the great Missionary Conference at New Orleans last spring. All these ministers were there, and they determined to carry the inspiration received throughout their conference. Presiding Elder Johnston, who is also chairman of the board of missions of the Memphis conference, arranged for a ten days' campaign throughout his district with them to preach and sing. They have

spoken at various stations and circuits, holding three services a day, and have been most hospitably received everywhere, large crowds attending, many following them from place to place and bountiful dinners being served on the ground. The three services were heard here with much interest, pleasure and profit. The trio are fine singers and never has more delightful music been heard here than they furnished. There is no doubt but an interest in missions has been created by their work here and elsewhere. The fact that three foremost young ministers would leave their pleasant charges to labor in heat and dust for ten days for love of the cause decidedly impressed every one. They go from here to Massac, Liberty, Bardwell, Wickliffe, and other places.

NO GAME.

THE VICTOR WENT AROUND
AND THE CROWD DIDN'T
REACH GOLCONDA.

The baseball game between the De-
koven, Ky., and Marble Hall teams
did not come off yesterday as sched-
uled on account of an accident to the
steamer Victor and barge in making
the run to Golconda.

At Smithland the boat went aground
on a sand bar and was unable to get
off before the expiration of three and
one half hours. When she finally did
pull off and had reached Sisters Is-
lands it was found that the boat was
drawing too much water and was un-
able to get past.

The boat was then turned around
and headed homeward.
All the refreshments were sold but
the managers of the excursion lost
heavily on the venture.

Diamonds Concealed in Belt.
Antonio Azula arrived from Ger-
many at New York wearing a belt in
which were concealed \$17,000 worth
of diamonds. He told a customs officer
that he had nothing valuable. The officer
was about to pass on when he
stumbled and caught at Azula's waist
to keep from falling. His hand touched
the belt and the newcomer was soon
deposited of his valuable shipment.

Stole Editor's Oatmeal.
Some one stole a sack of oatmeal
from the editor of a paper in Oswego,
Kan., and next week the paper con-
tained this gentle hint: "The man who
stole that sack of oatmeal from our
house—owing to the lifting of the
meal from a hole in the sack was
easily traced to his own home—had
better return what is left of the prov-
ender or there will be more anon."

Turquoise Mining in Southwest.
Turquoise mining in New Mexico is of
very remote origin. Many of the pre-
sent mines, when located, indicated
operations by the inhabitants of New
Mexico at a time prior to or contempor-
aneous with the Aztecs, Aztecs and
earthen vessels of great antiquity be-
ing found in the workings.

Senator Hoar's Epigram.
Speaking of the wit of the late Sen-
ator Davis, Senator Hoar uttered an
epigram which deserves to be remem-
bered: "No spark from him," said Sen-
ator Hoar, "was ever a cinder in the
eye of a friend."—Washington Post.

Portable Oven for Soldiers.

Experiments are being carried out in
the Austrian army with a new porta-
ble oven for field and transport pur-
poses. The oven at present in use is a
very unwieldy and heavy article and
has to be transported in sections. The
new oven, however, may be carried
intact upon a cart, and, if necessary,
can be utilized for baking purposes
while on the march.

Tarrytown Man's Last-Minute Gift.

FARMING IN COLORADO

AND NEW MEXICO.

The Denver & Rio Grande Railroad,
"The Scenic Line of the World," has
prepared an illustrated book upon the
above subject which will be sent free
to farmers desiring to change their lo-
cation. This publication gives valu-
able information in regard to the agri-
cultural, horticultural and live stock
industries of this section, and should be
in the hands of everyone who de-
sires to become acquainted with the
methods of farming by irrigation.

COOL DAYS IN MICHIGAN

AND HOW

TO ENJOY THEM.

Why stay in the sweltering heat
where you are, when by a few hours
travel on a fast train a delightfully
cool temperature may be enjoyed with
nights in which a blanket is neces-
sary.

If you can afford to go, consider the
advantages of a few weeks stay in
Potosky, Charlevoix, Traverse City,
or some other of the numerous cool,
delightful summer places in Michigan
reached by the Pere Marquette rail-
road. The best train leaves Chicago
at 7:30 p. m. every day except Sun-
day, with Pullman sleeper, and ar-
rives next morning. Your home agent can
sell you excursion tickets to the Mich-
igan resorts at reduced rates. Ask
him about it, and get a copy of the
pamphlets issued by the Pere Mar-
quette Co., describing the various
resorts, with 1 vel rates, etc.

If you cannot get one at home send
to the Michigan Central railroad
ticket agent at Chicago, or direct to

ONE OF THE SEASON'S PLAYS. "Her Lull and Master," the new play which Kecey and Shannon will present in this city at the Kentucky coming season, is described as containing a great amount of modern interest. Part of the story tells of an international marriage between a high spirited American girl and an easy going English lord. Of such marriages many have been noted of late, and Miss Morton's denouncement may be of considerable interest. The story occurs in high circles of both American and English life and it is expected when it enters New York for a run that its success will equal that which "The Climbers" enjoyed last year; as a modern social play, treating of dramatic topics, seem to be the vogue.

THE WEATHER.

The highest temperature today was 91, and the indications are for unsettled weather tonight and Tuesday.

Here we go again. For several days

past we have tried to get incoming

packets for the low water season in

line, or to place them in their proper

positions as the representative boats

of the retiring packets but signally

failed as the owners and superintend-

ents themselves didn't seem to know,

but we reported the respective boats

as they were reported to us by them.

However we are satisfied that we have

them straightened out today, "ac-

cording to Hoil." The Bob Dudley

that was to leave for Evansville this

morning in the Joe Fowler's place

will make another Cumberland river

trip and left here at noon today for

Nashville. The Dick Fowler will

still continue making her daily trips

to Cairo until further orders and the

H. W. Buttorff left for Evansville

this morning in place of the Joe Fowl-

er now laid up.

Captain Emory Voight says he will

be ready to leave tomorrow morning

with the Lydia for a trip up the Ten-

nessee river; will take several empty

barges up to be loaded with ties.

The Dick Fowler had a big trip of

people on her departure for Cairo this

morning.

The Henry Harley arrived from

Tennessee river this morning. She

leaves on return trip next Wednesday

at 5 p. m.

The upper Ohio now in many places

clearly resembles a branch for watering

stock.

The Charleston from Tennessee river

arrived last evening with a big trip.

She is at Joppa today discharging

lumber and leaves here tomorrow at

5 p. m. on return trip.

The Harry Brown is on her way up

from the lower Mississippi with a big

load of empties.

The Bob Dudley had all the freight

she could handle on the present stage

of water in the Cumberland. She

will try and go through to Nashville.

considerable effort, succeeded in secur-

ing an order from the war department

which will practically relieve Major

Bixby, the United States engineer, of

nearly one-half of his present district.

Major Bixby has had charge of the

Ohio from Pittsburg to Cincinnati.

The new district, which will be placed

in charge of Major Craighill, extends

from Dam No. 6, at Beaver, Pa., to

Dam No. 18, at Marietta, O., with

Wheeling, W. Va., as a headquarters.

The division was made, it is stated

because the work on the Ohio river

has not been progressing as rapidly as

Representative Dovenor would like it.

The Order of Red Men will give an

excursion next Wednesday on the

steamer Victor and excursion barge.

The boat and barge has a capacity for

600 people. Good music and dancing

will be the feature of the evening out-

ing.
